WHAT IS KEMETIC EGYPTIAN YOGA?

Kemetic Yoga™ is the ancient Egyptian system of Yoga enlightenment based upon the practices of physical movements combined with controlled deep breathing and meditation.

It is a healing and regenerative Yoga system that is characterized by a series of geometrically progressive postures that creates alignment of the spinal column and corrects defects in the skeletal muscular system in order to relieve stress, increase blood circulation, nutrient and oxygen supply to vital body systems, and to allow internal life force energy and cerebral spinal fluid to flow more efficiently and abundantly throughout the entire body.
